- ★ Microwave and freezer safe
- ★ 100°C hot water withstandable
- ★ 95°C hot oil withstandable
- ★ HACCP & FDA certified

Burger Box
MF2106

Our takeaway boxes are made from natural fibres including reed, straw wood pulp and sugar bagasse (the waste fibre from pressing sugar cane).

They come in a range of sizes and are suitable for hot, wet or oily foods as well as being sturdy and economic. They offer a true eco-friendly alternative to the common 'styrofoam' takeaway boxes and because they're made from natural materials, hot food won't 'sweat' inside them so your customers will be happy too.

All sizes can be custom-made given a higher quantity !

Round/ Plate (6~10")
MF3107

- ★ Made from sugarcane
- ★ Microwave and freezer safe
- ★ 100°C hot water withstandable
- ★ 95°C hot oil withstandable
- ★ HACCP & FDA certified
